- Submission of bids

E-EVALUATION/E-AWARD

- Opening of bids after bid opening date and time
- Evaluation & scoring
- Tender evaluation report generated by the system
- Award of contract
- De-briefing
- Publication of awarded contract details

Benefits of e-GP

- Improved procurement practices for increased transparency and value for money
- Better management of procurement data and records
- Supports social distancing and remote working by reducing amount of physical contacts between government officials and contractors during procurement process
- Reduces time and stress in procurement activities
- Efficiency gains
- Elimination of arithmetic errors in pricing
- Improved and automated bid evaluations
- Easy retrieval of past procurement records
- Structured data base of all contractors, consultants and suppliers registered with the state
- Reduction in procurement cost to Economic Operators
- More convenience procurement process
- ETC.

Security is very important in E-Procurement System

- Hosts confidential, commercially-sensitive information
- Sensitive information should be stored in encrypted formats
- Role-based security model
- Secure and encrypted communication protocol
- Safeguarded against all known security threats

PRACTICAL REVIEW
OF
EBONYI STATE E-PROCUREMENT SYSTEM
